WOVEN SHIBORI LAMPSHADES

Blurry precision...

THE MAGIC OF PLANT DYES

For this collection of lampshades, I use the technique of woven shibori and I dye with the vegetable resources of my environment.

This way of creating is a perpetual balance between mastery and letting go, technicality and randomness, to make subtle, unique and respectful objects.

WOVEN SHIBORI LAMPSHADES

This collection is intended for today's homes that favour a decoration that combines modernity and traditional know-how. It offers colours that tell the story of a landscape and create a subtle harmony thanks to the inimitable depth of colour of plant colours.

Easy to combine with different styles of classic or contemporary interiors, shibori lampshades perfectly dress living rooms with a warm and cosy light.

NATURAL FIBERS

Linen and hemp from French and European spinning mills are the preferred materials for this collection. They are combined with silk for a touch of exoticism and refinement that accentuates the vibrancy of the colours.

VEGETAL COLOURS

I work mainly with plant extracts made in Occitania, France and Europe, and occasionally with plants from sustainable harvests in my immediate environment.

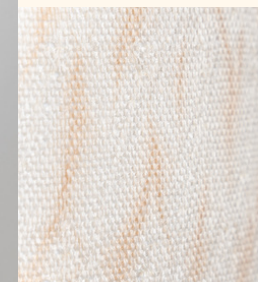

HORIZONTAL PROPORTIONS LAMPSHADES

SCHISTE - AMBRÉ

cylindrical lampshade
material: hemp & silk
diameter: 20 cm
height: 15 cm
dye: onion skin

ONDE -RAISIN NOIR

SOLO - VERTICAL SHIBORI WALL LIGHT

Sober and elegant, the shibori wall lights bring light and warmth around a headboard, above a bedside table or warm up a hallway.

The wood of the wall lamp is ash-olive.

(Other types of wood are possible on request.

Indicative price, may vary according to the price of wood).

Dimensions: 12cm X 42cm

Lampshade in linen & silk, dyed according to the chosen model (madder, cochineal, chestnut, reseda, onion, pomegranate, heather) diameter 10cm, height 20cm

THREE MODELS OF WALL LAMPS TO BE
COMBINED WITH THE SHADES OF THE
SHIBORI COLLECTION.

LUMINARIES WITH SOFT, WARM COLOURS
THAT BRING NATURE INTO YOUR HOME.

Shibori wall lamps can be custom made to your dimensions
and colours. (estimate on request)

HORIZONTAL SHIBORI WALL LIGHT - TRIO & QUATUOR

AMBRÉ & BRUYÈRE

GARANCE & GRENADE

The wood of the wall lamp is ash-olive.
Dimensions 4 shades: 12 X 106 cm
Dimensions 3 shades: 12 X 71 cm.

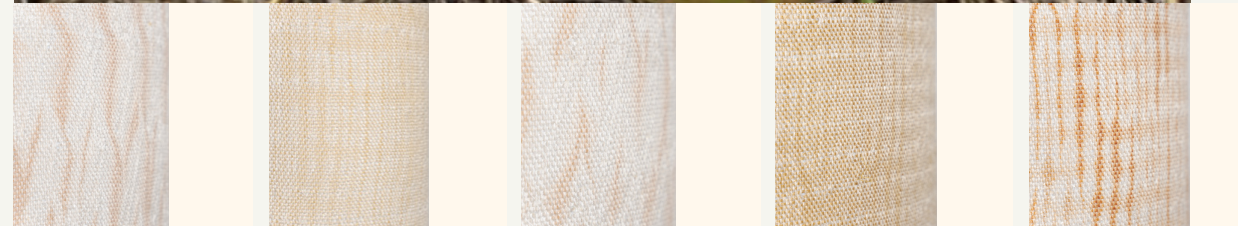

RAISIN NOIR & GRENADE

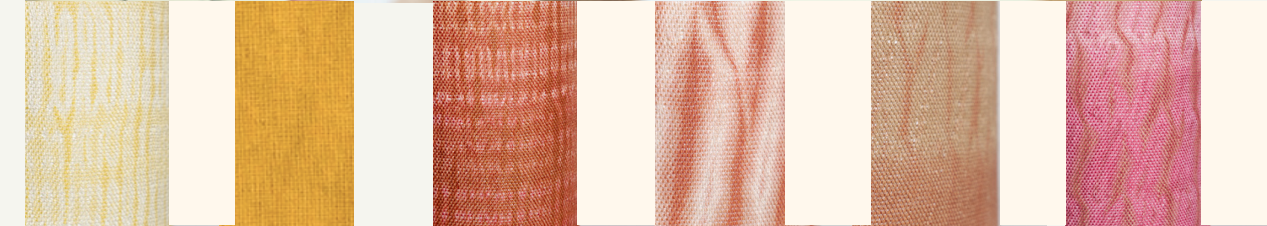

COLOR PALETTE

Two colour palettes produced from plant collections or extracts
Custom work is done mainly with extract-based colours.

HEATHER RAGWORT BLACK GRAPE POMEGRANATE ONION

RESEDA BUCKTHORN Madder COCHINEAL Madder CHESTNUT Madder COCHINEAL

These colours remain alive and will change over time. They must be protected from direct sunlight and humidity so as not to be damaged. The Atelier Textile Agnès Calas cannot be held responsible for the evolution of these natural colours due to improper use (exposure to sunlight or humidity in particular...) which would accentuate their degradation over time.

HALF MOON LAMPSHADE LINEN/METAL

The half moon lampshades in linen & metal can be used as wall lamps or on a stand. Ideally proportioned for a bedside table, their half moon shape is perfect for small spaces and allows light to diffuse from behind. These shades are woven from industrially dyed linen mixed with metal wire which adds a precious touch to the light. Dimensions: 15cm X 20cm

CONSEILS DÉCO

The ideal diameter of a suspension in a room:

(room length in m + room width in m) X 8 = shade diameter in cm.

The ideal height of a suspension:

It is best to leave a minimum of 2.15 m between the bottom of the suspension and the floor.

The ideal diameter of a suspension above a table:

Shade diameter = at least 30 cm less than the width of the table.

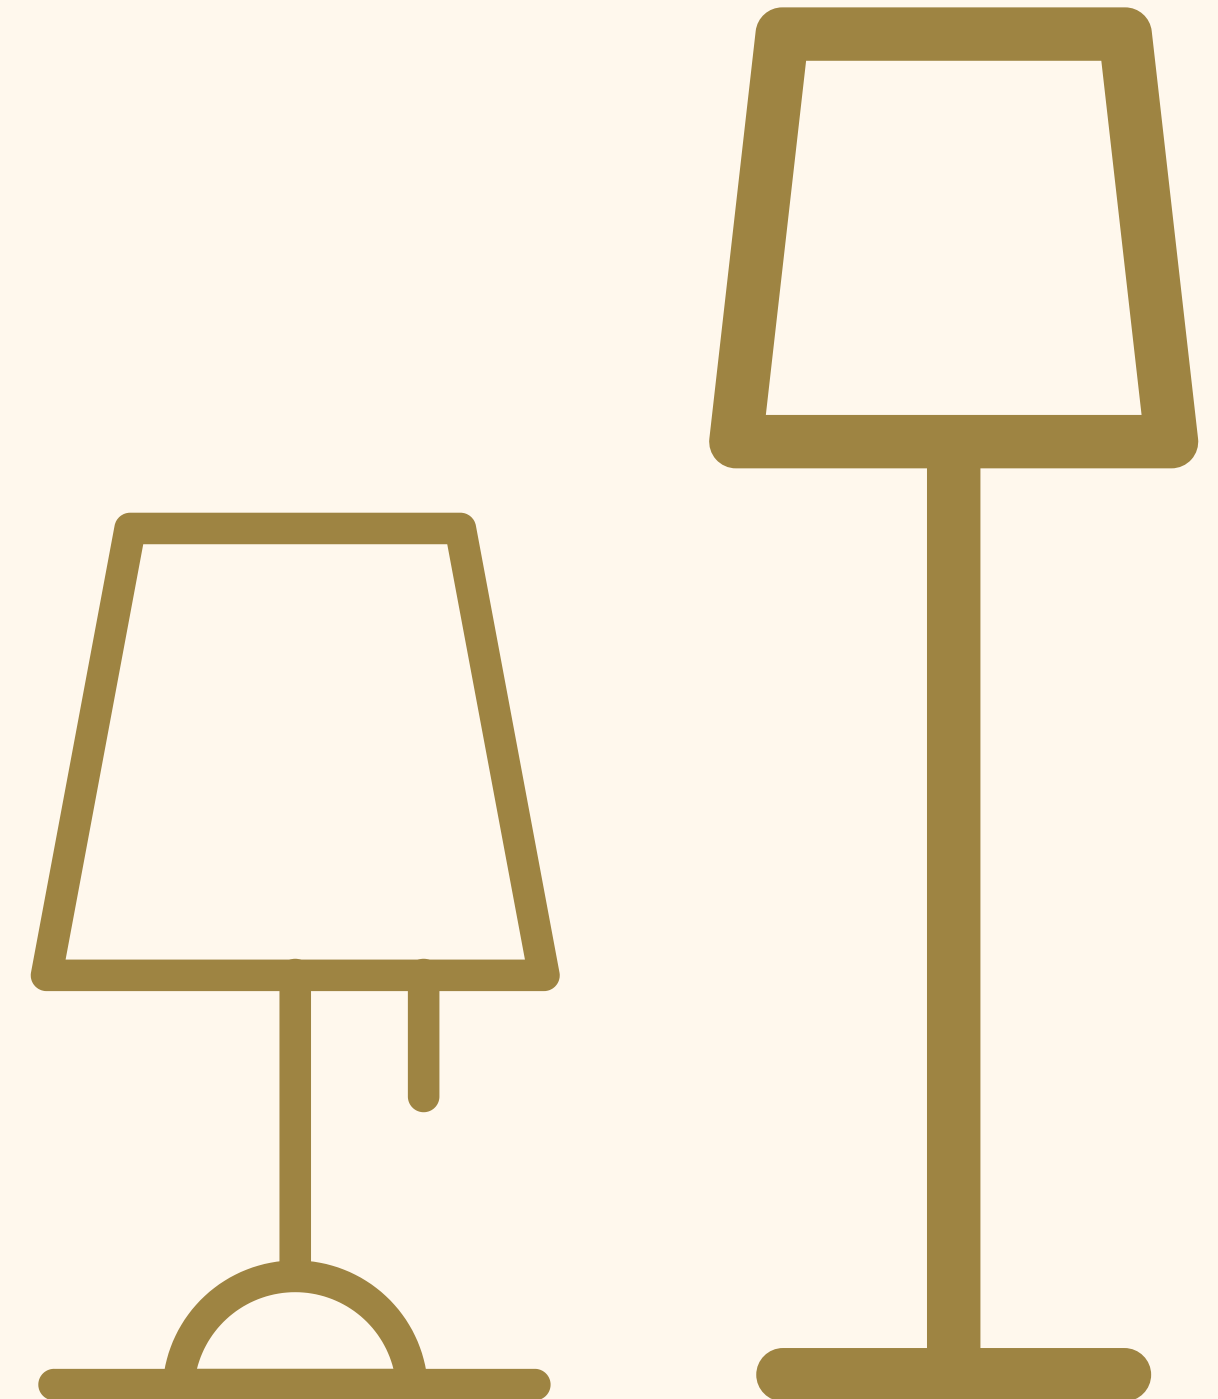

Above a dining table, allow 80 to 120 cm between the table top and the bottom of the lamp.

The ideal diameter of a lamp shade on a stand should be 1.5 to 2 times the width of the lamp stand or base.

The height of the shade should not exceed the height of the base.

The shade should not hide the base of the lamp, only the socket.

For a floor lamp, choose a large shade.
